

Training Program (USA Station) for Core Members for Chinese Maternal Fetal Medicine

2nd US-China Conference in Obstetric Critical Care and Emergency Management

The training program and conference was held on October 20, 2019 at the Holiday Inn Washing-Central/White House in Downtown of Washington DC. It applied an innovative and integrated model for learning the essential. Both American and Chinese obstetricians and gynecologist shared their expertise in obstetric critical care and emergency management as well as key topics in Maternal Fetal Medicine (MFM).

The opening speech was delivered by American MFM specialist Dr. Guoyang Luo and Chinese MFM specialist Dr. Dunjin Chen. The four sessions were moderated by Chinese MFM specialist Drs. Yiling Deng, Dahuan Zhang, Lanzhen Zhang, and Xinghe Wang, respectively. American OB/GYN Drs. Xiaoming Guan, Guoyang Luo, Kristin Atkins, Xiangna Tang, Chao Li, Kai Chen, and Zitao Liu presented several key topics in MFM. Chinese MFM specialist Drs. Xinghui Liu, Dunjing Chen, Dan Luo, and Mian Pan presented their expertise as well. Both the American and Chinese OB/GYNs have a close discuss and exchange regarding the obstetric critical care.

Closing remarks were delivered Dr. Xiaoming Guan from Baylor University and Dr. Xinghui Liu. Both the American OBGYNs and Chinese OBGYNs addressed their strong interests in continuing such academic exchanges in the future.
